Seed Growers,

LANGPORT, SOMERSET,

ENGLAND.

Telegraphic Address — "KELWAY, LANGPORT."

Telegrams:—"KELWAY, LANGPORT."

KELWAY & SON'S

Wholesale Catalogue of Seeds for Season 1897.

December, 1896.

 **L**IVING in the country upon their own lands, KELWAY & SON are able to give that continuous personal supervision to the selection and saving of Stock Seeds so necessary to ensure the purity and high quality which the Trade needs.

KELWAY & SON received the only Gold Medal awarded to any English firm of Seed Growers or Merchants at the Paris International Exhibition of 1889, for productions from their Seeds; they were also one of the very few firms of English Seed Growers to whom a Special Award (Medal and Diploma) was made at the World's Columbian Exposition at Chicago in 1893.

TERMS OF SALE.

We give NO WARRANTY, either express or implied, as to the growth, kind, description, quality, productiveness, or any other matter regarding any Seeds we sell; nor will we be in any way responsible for the crop resulting therefrom. If the purchaser does not accept the goods upon these terms he must return them at once, as they are sold upon these conditions only.

THIS LIST CANCELS ALL PREVIOUS OFFERS, and prices are quoted only for as long as unsold. Quotations per cwt., bushel, lb., or oz., as the case may be, do not refer to smaller quantities than $\frac{1}{2}$ -cwts., pecks, $\frac{1}{4}$ -lbs., or $\frac{1}{8}$ -ozs. SPECIAL PRICES for large quantities can always be obtained from us on application.

PAYMENTS.—With the exception of Grass Seeds, Clovers, and Seeds of Forage Plants, all Accounts are due NET AT MIDSUMMER and on Journey. Five per cent. Discount is allowed for Cash within one Month from date of Invoice; $2\frac{1}{2}$ per cent. on accounts settled Quarterly. Accounts for Grass Seeds, Clovers, and Forage Plant Seeds are due Net at Three Months from date of invoice. These Discounts, &c., do not refer to Special Quotations. No allowances or deductions can be made unless applied for on receipt of the Invoice.

Cheques, Postal Orders, &c., should be made payable to "KELWAY & SON," and crossed "Stuckey's Banking Company, Limited."

RETURNED EMPTIES.—Sacks and Bags are allowed for according to their full price as charged, provided that they are returned in good condition within a reasonable time, carriage paid and advised by post, and with the customer's name and address attached; Damaged Empties are only credited at value when received. Prices charged for Bags are as follows:—Three or four bushel sack, 1s.; Two-bushel, 9d.; One-bushel, 6d.; Half-bushel, 5d.; Peck, 4d.; Gallon, 3d.

CONVEYANCE.—In transit all goods are at the risk of the purchaser, and no insurance is effected unless we are so directed. When the route, and mode of transit, and method of consignment is left to us, we do everything in the interest of our customer to forward as expeditiously and as cheaply as possible; but as it is not always possible to make these two conditions coincide, we are always glad to have instructions from the purchaser, *e.g.*, as to whether the goods are to go by water or by rail, or partly by one and partly by the other; if by water, whether insurance is to be effected or not; if by rail, whether by goods or passenger train; also if the goods are to be booked at any particular rate, such as Grain, Pea, or Agricultural Seed rate.

We do not hold ourselves responsible for any errors which may arise during transit.

FRESH CUSTOMERS will always find us eager to serve them provided that they send Cash or satisfactory reference with their first order.

EARLY ORDERS are always very much appreciated, as they allow us to make headway with their preparation before the press of the season commences.

ALL TELEGRAMS should be signed to avoid delay.

Specialities, Novelties, and Flower Seeds in sealed packets for the retail trade are delivered at the rate of 24 packets to the dozen, or two for one, *i.e.*, half-price. Any number supplied.

Our Novelties and Specialities can only be obtained in our Sealed Packets, or direct from us.

ONLY ADDRESS:—**KELWAY & SON, LANGPORT, SOMERSET.**

Not to be undersold by any house of good repute.

CABBAGE.

Besides the rigid care with which Kelway & Son select and rogue their stocks of Cabbages, a great portion of the seed offered is saved from stumps. Anyone with a knowledge of seed saving will understand what an advantage and safeguard this is.

ONION.

We pay particular attention to the quality of our stocks of Onions. The sale which our "Hero" enjoys amongst our customers is a recognition of our efforts in this way.

FLAT KEEPING VARIETIES.

KELWAY'S HERO.—Unsurpassed for exhibiting; of remarkably dense texture, so that not only is it of enormous size when fully grown, but much the heaviest when compared with others of corresponding size. It is in shape between the "flat" and "globe" varieties. In colour, very light brown	Per lb.—s.	d.

AGRICULTURAL SEEDS.

All our stock seeds are saved from transplanted specially-chosen roots.

For very many years have we been growers and selectors upon our own lands of special stocks and strains of Swedes, Mangolds, and Turnips, and we honestly believe that purer or choicer kinds than our Special Sorts have never been sold. This refers in proportionate degree to our strains of other varieties; all are to be relied upon as the best of their kind.

MANGOLD.

Per cwt.—s. d.

KELWAY'S PRIZETAKER YELLOW GLOBE.

The entire stock was originally selected from one bulb; it has a very small top and very few fibrous roots; its colour and shape make it unequalled for exhibition; the flesh is of the densest quality, and it reaches a very great size, consequently it is an exceedingly heavy cropper, being absolutely unsurpassed in this respect. Having been fixed as a variety for such a number of years, its sportive character is nil. We are untiring in our annual labour of selecting stock-roots to grow from.....

— IMPROVED CORNER'S YELLOW GLOBE.

This needs no introduction in the West of England. The stock originated in our neighbourhood, and seed was obtained by us at a high price from Mr. Corner himself upon its introduction. Though so near perfection at that time, the great care we have bestowed upon it has evidently been appreciated by our customers

KELWAY'S INIMITABLE LONG RED. An immense cropper. We recommend it beyond any for weight, feeding properties, and ease in lifting

— RE-SELECTED MAMMOTH (or GIANT) LONG RED. The properties of the original Mammoth are well-known. This is a very careful selection from it, having in view quality with size

KELWAY'S LORD OF THE ISLES INTERMEDIATE. A wonderful improvement upon the ordinary Intermediate, being a more fixed stock of the correct Intermediate type. Very rich in quality and clean lifting

KELWAY'S EXHIBITION GOLDEN TANKARD.

We have never had greater satisfaction in introducing any sort than we have in recommending this superb variety. It was found amongst our "Model" Golden Tankard, to which it is superior in the dark colour of the skin and the rich golden hue of the flesh. The perfect Tankard shape of the original "Model" is retained, together with its highly saccharine quality and extreme solidity of flesh. An enormous weight per acre is obtained from it

SWEDE TURNIPS.

PURPLE-TOPPED VARIETIES.

Per bushel. Per cwt.
s. d. s. d.

KELWAY'S LANG-PORT MAMMOTH.

The Hardy Swede.

This variety is one of the most hardy sorts in cultivation, seldom getting mildewed. In addition it is an enormous cropper, and possesses the useful property of growing freely on any soil. In shape it inclines to roundness, with a very short neck when fully developed, dwarf foliage, and a clean single tap root. The portion of the root growing out of the ground is of a very deep plum colour. We still save large quantities of this variety, on account of the increasing favour with which it is met. Our stock is even purer, if possible, than before.....

A fine representation of this variety, 2 ft. by 3 ft., painted in oils from nature and mounted on canvas, will be sent to all who stock it.

— LANGPORT MONARCH.

The Heavy Cropping Swede.

N.B.—This should not be confused with other *Monarch* Swedes, which have been introduced to the trade some time since this variety was sent out. The *Langport Monarch* is rather higher in the shoulder than the *Langport Mammoth*, and consequently each individual root is somewhat larger. The upper portion of the bulb is of a bright carmine colour. The flesh is very firm, the top short, and the absence of fibrous or forked roots remarkable. The crop per acre is unsurpassed in weight and quality

KELWAY & SON, LANGPORT.

CALCEOLARIA.

KELWAY'S MODEL per oz., £8 8s.; retail packets, 1/-, 1/6, 2/6, 3/6 and 5/- 24 to the dozen.

A great speciality with us, and though proofs of the quality of the strain are hardly necessary, we append a few Press descriptions.

From the JOURNAL OF HORTICULTURE, May 27th.—“A sample of Calceolaria blooms from MESSRS. KELWAY & SONS, LANGPORT, SOMERSET, include some finely shaped flowers, varied in colour, selfs, spotted and laced. Some have white or very pale yellow grounds, others gold, and still others crimson. All are pretty and the strain is a good one.”

“CALCEOLARIAS: KELWAY & SON.—Yours is a strain of very large and richly coloured flowers, measuring nearly two inches across, and spotted like the pard; yellow grounds with crimson spots of various forms and character—creamy white with crimson, bronze with crimson, crimson with maroon, and many indescribable tints.”—*Gardeners' Chronicle*.

“MESSRS. KELWAY & SON'S NURSERIES, LANGPORT.—The most attractive feature at these well-known Nurseries at the present moment is a magnificent display of Calceolarias, to the cultivation of which the firm has now for some years past devoted much time and attention. Altogether there are about 2,000 plants, which completely fill two spacious structures, and as they are well grown and are densely flowered, they produce a very rich and striking effect. The colours are indeed as rich and varied as they well could be. The flowers are of large size and splendid form and the plants have a most excellent habit. There is not a trace of coarseness through the collection. A purer strain and one more varied in colour and markings I have never seen. There were one or two new and distinct ground colours, particularly a beautifully clear mauve and a bright lilac. The other prevailing ground colours were crimson, white, cream, maroon, deep gold and carmine, and all these colours were variously marbled and dotted with crimson, black, lilac and pink.”—*Gardeners Magazine*.

CALCEOLARIA (*Austin's*) per oz., £8 8s.; retail packets, 1/-, 1/6, 2/6, 3/6 and 5/- 24 to the dozen.

CHRYSANthemUM.
